

EJCT PRAGUE JUNIOR CUP 2026

The women's teams play in two groups of four teams (Groups A and B), with a round-robin format of three games per team. The teams finishing first and second in each group qualify for the semifinals. The third-placed teams play each other to determine the final ranking, and the fourth-placed teams play each other to determine the final ranking.

The men's teams play in one group of seven teams (Group C), with four games per team. The teams finishing first to fourth qualify for the semifinals. The remaining teams are eliminated.

The ranking in each group is decided by points and average LSD.

In the playoffs, the team with the higher number of points (if tied, then the lower average LSD) has the right to choose the hammer and colour of the stones, or the order of the pre-game practice.

Pre-game practice starts 15 mins before every game
