

WCT Prague Ladies International and Prague Classic 2026

The women's teams play in two groups of seven/six teams (Groups A and B) in a round-robin format, with four games per team. The teams finishing first and second in each group qualify for the semifinals. The remaining teams are eliminated.

The men's teams play in two groups of six and five teams (Groups C and D), with five and four games per team, respectively. The teams finishing first and second in each group qualify for the semifinals. The remaining teams are eliminated.

The ranking in the women's groups is determined by points and average LSD. The ranking in the men's groups is determined by points, head-to-head result, and average LSD. No LSD is discarded.

In the playoffs, the team with the higher number of points (or, if tied, the lower average LSD) has the right to choose either the hammer and colour of the stones, or the order of the pre-game practice."
